"Friends at Court" Are Expected to Secure Acceptance of Application.

With officials of the Woman's National Suffrage Association using every means to secure the use of Pennsylvania avenue for the parade on March 3, tentative plans for holding the parade there have been made, and it is expected that permission will be granted as soon as District officials can act. Major Sylvester said today that he had not yet received the letter from Miss Paul, chairman of the committee on arrangements, asking for use of the Avenue and that in advance of the request he could give out nothing.

Commissioner Johnston, who has charge of police affairs in the District, could not be reached, but at his office it was learned that application had been received for use of the Avenue and would be acted upon in due course. At the headquarters of the association there is now an air of mystery regarding the whole affair, and it was said that there were "friends at court" and that it was expected permission would be granted soon.

Route of Parade.
The letter forwarded to Major Sylvester recently, outlines the route of the parade as follows: Starting at the Capitol steps, it will pass along Pennsylvania avenue, past the south side of the Treasury, thence between the Treasury and the Executive Mansion to Pennsylvania avenue, along Pennsylvania avenue to Seventeenth street, thence down Seventeenth street to Continental Hall. The procession will form at 2 p. m. and end at a mass meeting at Continental Hall. Mrs. Helen H. Gardner, chairman of the press committee, today declared that the time for holding the parade was decided upon long ago, and that it was intended to have it in the afternoon.

No Night Parade.
Just how there could be any idea that the pageant was to be held in the evening, she declared, seemed inexplicable. "Our banners, floats, and tableaux could not be seen in the night and the women would not care to hold their pageant then," she said.

Mrs. Gardner also said that there was any intention of giving up the parade because the use of Pennsylvania avenue could not be secured. "We intend to have the parade anyway," she said, "but should prefer to have it on the Avenue, partly because of its historical interest."

WILSON MUST PAY HIS POSTAGE BILLS
President-Elect Will Not Get Mailing Frank Ollie James Sought.
Because Congress will not know officially until February 12 that Gov. Woodrow Wilson of New Jersey has been elected President, Mr. Wilson will have to do without a mailing frank until he assumes office. Senator-elect Ollie James of Kentucky, who was interested in obtaining this for Mr. Wilson because of the heavy postage bills incurred in the last few weeks, finds that there is no precedent for giving the frank to a President-elect until Congress has been notified officially of his election. Inasmuch as there are only twenty days from February 12 to inauguration day, March 4, the Senator-elect has decided not to take further action toward relieving the strain on the governor's purse.

HOKE SMITH WILL EXPLAIN PLANS TO PRESIDENT-ELECT

Georgia Senator Will Urge Doing Away With Old Seniority Rule.

TRENTON, N. J., Jan. 7.—All of the plans of the Progressive Democrats in the Senate will be unfolded to President-elect Wilson by Senator Hoke Smith, of Georgia, when he pays his scheduled visit here tomorrow. Smith had been leading the fight to control the Senate against the old Bailey element and from him the President-elect expects to receive accurate information as to the exact status of the Democratic "insurgency" in the upper house.

It is believed Senator Smith will explain his plan for reorganizing the Senate and doing away with the "seniority rule" in the make-up of committees. The Georgia Senator is looked upon as the prospective mouthpiece of the Administration in the coming Senate. Governor Wilson has not made public his views about the organization of the new Congress, but it is understood he is in hearty accord with the "insurgent" cause. It is known that he feels the organization of the committees in both houses along progressive lines is essential to the success of the legislation he is pledged to.

The hardship, financially, that the lack of a mail franking privilege for President-elect entails on the pre-inauguration exchequer became known today, when it was learned that Governor Wilson has answered 50,221 letters since election, spending more than \$1,000 in postage alone, not mentioning salaries to stenographers and clerks. He has paid this out of his own pocket, and, save for his salary as governor, Wilson has little money.

HALTS EVICTION OF JEWS FROM KIEFF DISTRICT

Russian Official Answers Appeals of Thousands for Homes During Winter.

ODESSA, Jan. 7.—Responding to the frantic appeals of thousands of Jews who have been ordered from their homes in the Kieff district, Governor General Trepoff today suspended further expulsions until the spring. With a touch of sympathy most unusual in a representative of the bureaucracy, the official declared it inhuman to evict the people during the rigorous winter season.

It is said that the local governor of Kieff, M. Giers, is to be transferred. Meantime petitions are being forwarded to St. Petersburg in large numbers from all districts where Jews have been expelled. In Volhynia, one of those driven out was an aged veteran of eighty-three years, who fought under Nicholas. Heretofore Nicholas' soldiers had the privilege of living where they pleased, regardless of race or religion.

To Start Lodge.
NEW YORK, Jan. 7.—A delegation of members of the Masonic grand lodge of Massachusetts, headed by Grand Master Everett C. Benton, sailed today for Panama to constitute a Masonic lodge there the latter part of this month.
